

Ponderosa Owned Saddle Street Property

The Ponderosa Board of Directors found that a majority vote of the Ponderosa Membership to change the use of one community owned lot to greenbelt property will reduce the tax paid by the Membership. Currently, this lot is being used recreationally for beach access and reclassification to greenbelt is more appropriate classification. This will reduce the amount of tax paid on this lot determined by the Assessor's office. Once this passes, the property will join the current green belt properties. The property that is being referenced is at 23101 Saddle Street, Parcel number 261724792005. Every vote counts! Please sign and return in the enclosed envelope.
